- Fatal Accidents in the Electric Light and Power Industry—S. H. Young, 27, 277
- 41 EEI Safety Merit Awards Presented in Last Five Months of 1954, 28
- Seasonal-Hazards Material Available, 217
- 13 Companies Earn Safety Merit Awards, 68

Accounting
- Accounting System Design Problems with Electronic Computers—F. J. Porter, Jr., 398
- Credit Picture, 123, 406
- Over 200 Attend Second Electronics Accounting Machine Seminar, 26
- Portable Transcriber for Meter Reading—Kenneth E. Iverson, 47
- Programming for an Electronic Computer—J. W. Balet, 395
- Record Number of Accounting Executives Attend EEI-AGA Conference, 131
- So You Want to Mechanize Materials and Supplies!, 178

Accounting System Design Problems With Electronic Computers—F. J. Porter, Jr., 398

Adequate Wiring
- Consolidated Edison of N. Y. Reports to Industry on Adequate Wiring, 372

Adequate Wiring Can and Will Be Done . . . Commonwealth Edison's Program—John W. Evers, 121

Adequate Wiring Program Designed for Every Branch of Electric Industry, 80

Air Conditioning
- Air Conditioning Is Big Business—C. A. Tatum, Jr., 227
- Distribution Engineers' Problems with Room Air Conditioners—W. M. Penney and V. J. Farmer, 37
- Electric Heating and Year-Round Air Conditioning and the Heat Pump—Philip Sporn, 140

Air Conditioning Is Big Business—C. A. Tatum, Jr., 227

Annual EEI Convention to Focus Attention on Industry's Problems and Prospects, 67

Analysis of Accident Experience of Electric Utility Industry During Past Five Years—G. E. Watkins, 305

Application of Equipment Handbook Revised, 278

Area Development
- 4th Area Development Workshop Scheduled, 314
- Helping Small Towns to Help Themselves—Harry R. Scott, 149
- Let's Go Into Action—Elmer L. Lindseth, 233
- Missouri Town, Planned Progress Program Winner, Celebrates Year's Work Completion, 94
- 214 Communities Enter $10,000 Contest for Community Development in Pennsylvania, 191

Area Developing Committee
- 4th Area Development Workshop Scheduled, 314

Atomic Energy
- Atomic Energy and the Electric Utilities—Dr. Lawrence R. Hafstad, 259
- Economics of Feed Materials and Fuel Processing Problems—J. Carlton Ward, Jr., 267
- Industry's Response to Nuclear Power—Edgar H. Dixon, 238
- Power and Steel—Pressly H. McCance, 5
- Shippingport Atomic Power Plant—Philip A. Fleger, 235

Atomic Energy and the Electric Utilities—Dr. Lawrence R. Hafstad, 259

Atomic Test
- Effects of Atomic Blast Published in EEI Report, 336
- Electric Power Facilities Tested in Nevada Atomic Blast, 163
- Power Equipment to Get Atomic Test, 79

Automation
- 165 Million VIPs—Harllee Branch, Jr., 337
- Voltage Dip and Automation—C. E. Quick, 348

Awards
- Companies Earn 20 Safety Merit Awards, 314
- Confidence in Future, Realistic Comprehension Combined in 23rd Annual EEI Convention, 195
- EEI Prize Awards Competition for 1955, 308
- EEI Resuscitation Awards, 22
- EEI Safety Merit Award Recognizes Baltimore Company's Seven Million Manhours Record, 285
- EEI Safety Merit Awards Earned by 14 Companies, 155
- 41 EEI Safety Merit Awards Presented in Last Five Months of 1954, 28
- Industry Recognizes Heroism Through EEI Resuscitation Medals, 85
